Dear MS. Bianca Naicker

It's my pleasure to provide this letter of recommendation for Agape PA (Pty) Ltd

The partnership between the two parties remain strong, as Agape PA continue to provide their knowledge and expertise to optimize their client's business and manage their expenses. The team exhibits a high form of communication so they can consistently provide answers to queries and concerns.

Agape Professional Accountants performance thus far has been appreciated by the Elite Logistix — they perfectly handle taxes and legislative requirements. The team has demonstrated organization and accessibility since the beginning. Moreover, their experience has helped improve the company's bookkeeping processes.

With the ongoing collaboration, the Elite Logistix is happy with the reports Agape Professional Accountants has been presenting. The team conducts a Zoom meets every month to go over the reports of Elite Logistix financial status. As Elite Logistix we feel easy and comfortable working with the team at Agape PA as the engagement continues. We thank Ms. Bianca Naicker personally for making all the often to ensure that there is an interpreter present when conducting the Zoom meeting for although she is hearing impaired that does not affect the communication or the level of quality and accuracy in the work.

Thank you kindly

Renald Reddy

**Director Elite Logistix (Pty) Ltd**
