TO WHOM IT MAY CONCERN

It is my pleasure to recommend Bianca Naicker of Agape PA (Pty) Ltd for financial and tax services.

I was her manager at Olive Business Solutions where she did her articles to become a Professional Accountant. I worked with her for over five years. During this time, Bianca developed an impressive work ethic and quickly learned and mastered all our accounting programmes. She especially excelled in Caseware financials.

She is also reliable and has integrity and these qualities together with self-motivation propelled her ahead of her peers. She quickly became the Caseware financials specialist in her division and consistently produced good work. She then started getting bigger clients allocated to her and she thrived under pressure and continuously met all the deadlines.

Her positive attitude and willingness to assist others made her a joy to work with. She played a big role in assisting other trainee accountants improve their skills.

Should you need more information, please do not hesitate to contact me.

Sincerely,

Mercy Khuzwayo

Professional Accountant SA
